

Est. 1966

" McClure's goal is to provide customer satisfaction in all Electrical and Data Communication Services by working closely with our clients. "

Commercial - Healthcare - Hospitality - Residential

Member of Electrical Industry Organizations

McClure Electric, Inc. was founded in July of 1966 by Thomas D. McClure as a full service Electrical Contractor. We provide complete electrical system upgrades and maintenance needs for the San Francisco Bay Area.

McClure Electric, Inc. is experienced in Commercial, Industrial, Hospitality, Healthcare and Residential projects.

McClure Communications was established in 2001 as a result of the data and cabling needs of our customers. This division specializes in advanced structured cabling projects for voice/data networks.

Our Years of experience have proven to be our benchmark in serving your Electrical Construction and Data Communication needs.

Featured Projects

Golden Gate University

536 Mission Street
San Francisco, CA 94105

Over the years, McClure Electric has worked with Golden Gate University to assist in all of its electrical and telephone/data requirements. We recently completed a new 16,000 square foot Law Library, along with installing new offices throughout.

Private Residence

San Francisco, CA

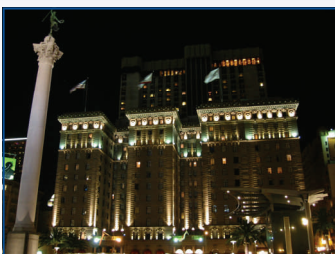

McClure Electric designed and installed all new electrical throughout the residence including a state of the art lighting control system.

San Francisco General Hospital

1001 Potrero Avenue
San Francisco, CA 94110

McClure Electric has been providing electrical work, maintenance, power distribution, and fire life safety systems work in this health care facility since 1985. Our projects involve OSHPD requirements in the main hospital and power plant. Recently, a new switchgear system was installed in the main power plant.

Westin St. Francis Hotel

335 Powell Street
San Francisco, CA 94102

Since 1970, McClure Electric has been working in this historic hotel. We renovated all the rooms, life safety system, emergency generator system meeting rooms, and retail space.
